I really think there was just toooooo much trouble with that one group of ladies :mad: I know I was ready to quit watching if the show did not take different approaches to certain ladies t here who I felt were liars and very dirty at how they talked about others and then lies or just did not give full story of how things did go down. :unsure: :unsure:
I would have liked to see Rain again from the begin. Just to see again how far she did come from the first three weeks she was there. I really do think she did try but boy oh boy some of the days when she was STRESSED so was I :mad:
:mad: :blink: :blink: :P

Oh yea, she EXISTED! She was the one whose Parents donated a large sum of money to The Show to KEEP her there & straighten her grown butt up! And they encouraged The Show to find her a Man, too, so she didn't have to come back Home to them! For real.

No, that'snot a Spoiler, her part already aired! By the way, these Gals were my Favorite Bunch...calm down...I did while y'all had to watch the Last Bunch for so many WEEKS! B)

And when PJ's Mom came to stay, all those faces she made & snide remarks were just for TV! (Keeping in mind she knew what she wanted the Show to do for hem!) And when PJ & her MOM went shopping, the MOM just reacted funny when PJ picked out scantily clothing...the MOM really has been wearing them herself but couldn't let PJ know. When PJ told her MOM that she no lnger wanted to just look into the Mormons for a hubby, he MOM wasn't really shocked, she just acted that way. She wanted PJ to find any Man that would have her just to get her out of their hair... B)

I MUST have written something wrong somewhere along the line~~~NO, the thing I did not like about PJ was she was TOO childish to be in the house. She was a whiner & seemed to always draw the attention of Rhonda, her Life Coach & even Rana when they did the Dynamic~Duo on her or Rana took over Rhonda's place w/PJ when she was gone. She was only 19 & already STARTING OVER, c'mon now!

I tell ya' her Parents paid the Show to keep her there! (Guess she was there longer cuz' show felt responsible she was in their care when that happened to her leg!) I never said I liked her! :ohmy: :blink: :unsure: :P
