When reporting a "bad" post you MUST include the URL.

An example of a url is:

[http://www.startingovertalk.com/component/option,com\\_simpleboard/Itemid,26/func,view/id,4757/catid,59/](http://www.startingovertalk.com/component/option,com_simpleboard/Itemid,26/func,view/id,4757/catid,59/)

Please copy and past it from the address bar and when reporting it to a site admin or moderator.
