
B &B in Galina !

What do you think of them constantly repeating the scene when the owners of the B&B were talking to Amy and saying it sounded by her questions that this was the first interview she had ever done....Amy: Wow,that's tough!! :ohmy:
They named the name of the B&B and Amy repeatedly put them down and said how much she did not like them!!!
:ohmy:
They must have signed something prior to the taping or editing that they could use any footage and their name!! Guess they were alittle too sure of themselves!!! :blink: :unsure:

I remember reading for the auction that Teresa had there were pages and pages of things to give consent to. Maybe they thought the exposure would be good no matter what. Plus we only saw a few minutes of the footage taken.

Who Knows.

Halfdollar

I was thinking the same thing.....

And what a bout the comment about the times or lack of time together the hosts were telling Amy about :ohmy: :ohmy:
:P

I am sure they never thought that would be put on the airways :laugh: :laugh: :laugh:

I can just see them there going nuts that this tidbit of their personal information out there for tv land to laugh about. :blink:
