Troy (38) Cheryl (42)

Denver, CO

Troy and Cheryl have been married longer than most couples-- going on 20 years. However, it has not been an easy road and after so many years together, the two have gotten into some unhealthy patterns. Cheryl has a powerful temper, and Troy hides the truth to avoid getting his wife angry. They want to recapture the spark they once had and to rebuild their relationship.

I like cheryl and troy and can really relate to cheryl. I was suppose to be a boy to! The one thing I wonder about though is that big necklace cheryl wears. To me its something you would wear with an evening gown not for every day. Whats up with that?
