:unsure: as in zORa, or tORa, tORa!

This gal looks like she gonna' be a handful, or a couple handfuls!! :ohmy: :laugh: It just seems like she & her issues are too big for this space already....not her size....her "vivaciousness", shall I say?? Just hook her up with some Big Cali Stud...how 'bout Arnold??? :ohmy: :laugh: :unsure: :(I hope the impression that is already out there isn't true of her. She seems like she'd be FUN (:laugh:) once you get to know her, honestly. B)

I think it should be interesting with her and the younger houseguests.

Sure agree with you there curly :ohmy:

Looks like it may be another Rain and Christine2 story line.

she is loud and likes to leave the room with the last words spoken

Should be fun :P :P :P

I agree she seems to be very Sensitive.

However from the sneak previews she does like to lead the pack in talk and does not listen very well.

I look forward to seeing her grow and interacting with all the housemates.

Just as Rain did! :)

B) Deborah, our work is cut out for you! :ohmy:

IMO, she is very open & honest about the way she feels on the loss of her husband, especially being killed by a drunk driver.... :unsure:

I wonder if she talks just to hear herself talk? ANY ideas she does have that rain personality adn she wants to be right all the time.

I also noticed she was really quick with amy and the way she answered just general questions, Curly B)

you are so right mom! Seems she is a hand full for any of the housemates to speak with even the life coaches had their hands full. One even has to tell her to

Well "shut up" and listen to the others speak B)

Just a thought :unsure:

I bet they can't say that on tv. Just a thought they needed to a couple of times last season.

Well not being 'in her shoes' we don't know how she will 'act'/be. I imagine that it's pretty freaky being on a TV Show with all the Cameras & Crew, out in Hollywood Hills!, travelling to get there, meeting new people...time will tell! :ohmy:

:unsure: :)

I am anxious to see what happens with her and her room mate Kim!!! :ohmy: :unsure:who was not at all pleased that she was her new room mate AND wanted to sleep in the nude!!! :ohmy: :blink: :mad: :P :laugh:

It seems like she is not open and does not like to listen....how can change occur?

2cents

Just a question too throw out there :P

Do you think Deborah told the producers that she slept in the nude because of her hot flashes B) and maybe the producers in their wisdom descided that it was okay and she could work that out with her room mate??

After all she is so open,, I have a hard time believing that something like that did not just come up in the interview..

She is not afraid to state her mind at all :P :P
