I think Sinae will be the hardest story line :(

She is so outgoing and yes super smart, but I can not imagine going through the stuggles she does daily because of her blindness :(

She certainly is not afraid to speak up for herself, I LIKE THAT :P

I think the thing that impressed me is how calm she is. Overall she can get loud but has more quiet moments.

I think she lives with a roommate I remember hearing her say roommate but not sure. She may still live with her parents.
Not 100% at all on what she said her living arrangements were.

Her bio says she is having a hard time getting along with her roommate at college.

She is such an artist, her self portrait is awesome. She draws herself well.

:P Thanks hsmom! I hadn't read her bio so didn't know that about the roomie! :ohmy:

Nor did I know about her Artistic Talent.

I did notice that she has been having "leaky eyes' all along. Hurt, pain.
