Deborah's OUT
Sommer's IN

How's that. B)

I just checked her site. I really don't think it is maureen. She said cassie was living with her commuting back and forth to school. Her letter about the fire was too funny.

Or maybe maureen is coming out to Hollywood to try her hand at being a stand up comedian out there while work is being done on her apartment. just a thought.

I think it was amy because she showed up a couple of days later to watch chloe and the girls went out for a nite on the town.

I read that Maureen is returning. She recently had a huge fire in her house and lost many of her possitions. She is suppose to only stay for two weeks. She probably gets tired of all the fighting and would rather listen to Larry breath.

I still think it is andy because of her cents of style tuor. I think jennifer and sinae deserve make overs and towanda and kim deserve make unders and sommer needs a new look too.

Odd that Sommer works in the "industry" (modeling, actors) and she does not appear to look too "upbeat", IMO. I do think she's cute, looks good just the same. She may still feel not worthy enough to "decorate" herself due to the overweight she had been dealing with. :unsure:

WHO KNOWS!!! :ohmy: :x

I didn't think it was Amy because I believe that was given information. Is it a fact Andy is coming to do Makeovers? (geeccch)
So the fact that Lynnell & Hailey dropped in do you think that would be considered "a graduate coming back"?? :ohmy: :x
Again, WHO KNOWS! :unsure: and better yet...WHO CARES! ha! :ohmy: :laugh:
