
RUMOR...SINAE

Not a big deal...read that Sinae, being out of the house, stayed in Cali. Someone was supposed to have seen her going into a Club...bouncers called her by name!
She had white cane walking in but not when walking around the bar...dancing, talking w/friends, having fun! Just like all the others do...that shouldn't be too amazing! :ohmy: :x

Good for her, I'm glad to see that she is out and about. Wonder where she knew the bouncers from? Could have been from school,

Most people who use a cane do so out in the wide open, but when it is a closed in area, the cane is hard to use, you know, poking people, swinging into peoples shins, goosing people, knocking over things, and I sure cant figure out how you would use a cane to dance with. I know you dont need a cane to talk to friends with.....

I agree with you Halfdollar, she was just having fun, just like all the others (NORMAL people?!) Its just amazing, after all she hasn't always been blind, and even if she had, look at the guys she went hiking with, they acted "NORMAL" to.

Didn't feel like looking it up on her Bio~~~but wondered where she does go to college at. Maybe if she does go out in LA area, she was withschool chums. Then again she is only 18, means she still is not legally old enough to drink right? but can go in "da club"?? :unsure: The person who posted this info acted like she had been to the bar several times in order to know the Bouncers, ya' know? :)
YOU GO GIRL! HOMIE Sinae! :laugh: :unsure: :P :ohmy:

Most clubs next to colleges have ways of indetifying 18-21 year olds. They have to because of the college crowd. Clubs in Phoenix there are two types some are for 18-25 and others are for 21+ so who knows.

:) l2teach: I read her Bio on the original site last night but forgot what I read! Not unusal these days! But it did say that she is going to "Graduate School", is that considered the same as "College"?? She's got to get out so I am glad for her!

But I saw on the OS that she had been seen in Denver or somewhere else...who cares where it was as long as she's enjoying herself! :ohmy: :unsure: :P I think under her name over there, there is talk. :ohmy: :laugh:
