I think that it is Sinae who graduates. There is too much talk about Josie. Then I do believe that Maureen comes in for a short visit.

I agree I think it will be Maureen.

I can not believe they are going to boot opps, graduate, anyone there!

Who is really ready to graduate :ohmy: :ohmy: They are all on an emotional rollercoaster now and none IMO are ready to go out and live a normal life... :unsure: :(yet

Too many hangups still

but that is just me :blink:

B) IMO, Josie hasn't been given next to nothing to work on! Assignments? She just has to come to grips with the fact that she CAN live without Gramma, the only one who really loved her. C'mon Josie you can do it! But no, I don't think it's her to graduate first...not in my opinion. :ohmy:

The spoiler says someone graduates 10-25. In two weeks, lots can happen. Especially in TV edit time, when they can skip right to the good part.

So, you all think it is Sinae, not Josie, who graduates? I will be happy for both, whenever it is their turn!

B) It's got to be Nae-Nae! :ohmy: :P

Since this is the Spoiler section.....

in the previews I just posted, it states she gets another step for an issue pertaining to her mom. Maybe she didn't have many steps! :ohmy: :unsure: B)
