
Help w/ Thursday\'s recap

Posted by MoonChild - 2005/12/15 13:25

Hi all. For some reason my recording of SO today had an hour of infomercials. I don't know exactly what happened, but I'm not going to be able to write a recap for today. If someone else could type one up I would be really appreciative. I think it might be time to invest in a DVR. :angry:
