Oh defintily! I looked up the original chat boards at SO website. And it linked me to some reality chat boards. This girl said her friend was married to the camera man. And she was going off.

If you want to check it out go to

www.startingovertv.com

and then click on message boards, this will conect you to that other site. I either found it under Christina or Spoiler. I can't remember.

Have A Great Day!:silly:

I checked out the other site and one of the posters had a valid point. The first poster said that Christina recently was kicked off the show. We know that the show started taping in August and the broadcasts are anywhere from 3 weeks to 3 months behind. So is this the same Christina? There have been multiple Christinas before. Also, this theme sounds an awful lot like the Sommer tale from last year. Flirting with camera men and so on.

I do not care for the present Christina, just for the simple fact that I think her hustle is so deeply ingrained that she is conning the house and not really realizing it. I don't think the SO house is where she needs to be right now. However, I am going to give her the benefit of the doubt regarding the stolen husband until we see some more footage in the coming months.

I know for a fact it is this years Christina. The posting date is from this year. It was not an old coversation. People usually don't dwell on past C's. (lol) I just thought that was interesting and show C#3's character. I don't trust anyone who pretty much admits to having deceit in them without a care, and shows no remorse. Just empty tears. That is the saddest part, Not having a soulful emotion.:(

I've read several posts on other boards from various people claiming to know Christina and their stories seem to conflict

with each other at times. They're interesting to read but I can't say I really believe any of them. I'll wait and see----you never know.

Remember chubby Christina from Season one? She was hot on the trail of a man, any man, perhaps its her.

Maybe that is the basis of the rumor... Isn't Season One of SO playing on one of the cable channels?

maybe the rumors about Christina are true...i would think that by now all her pictures would have been removed off of the internet, espically after seeing today's episode and her meeting with an attorney and sending out those letters threatening legal action if they aren't removed...

Wasn't her name Christine--not Christina? She graduated. Also there was another Christine during Season 1 who left the show. She didn't seem all that interested in developing a relationship.

According to realitytv.com, Christina was asked to leave the show because she was having an affair with a married man, and the man had a little daughter. He has hence left his wife and he and Christina are living together in Calif. I don't know if this is the honest to God truth or not, but the rumors are defintely flying over there. I saw in a preview that Josie and Chloe and Jennifer and Lynell's daughter, can't think of her name right now, they are all going to be coming on the show soon. It didn't say why they were coming, but it showed them having a heated discussion. Chloe is a beautiful little girl now. I wish we could have seen more of her growing up.

The pics don't belong to Christina. She signed the rights to them away. Maybe the lawyer wasn't able to have them removed.

Several letters were going to be written threatening legal action before legal action would even be pursued. Furthermore, rumours are rumours and until there is firm proof, it's all unsubstantiated. Let's not get carried away!

I skimmed through the other website. It looks like the original poster was banned for using more than one ID on the site.

There were a lot of valid points, though. Christina is no longer wearing her sweats and she is dressing up a lot more. She's been happy and flirty (even with the pregnancy scare).

I don't want to judge. I want cold, hard proof. Show me the pictures! ;)
