## Missed Shows

I would be happy to volunteer a day each week to write recaps.. If someone would help me get caught up. I missed 1/9 thru 1/12 - I only found out they were beginning again. I thought they were going to rerun the whole first part. So I am desperately wanting to know what I missed. I would be happy to buy a tape/cd/dvd from someone for these past 4 shows.. Or does anyone know where I can get a transcript or recap of the shows I missed this week? I have been watching since the first season, truly addicted!  
Imk, if you can help me get caught up, thanks
