
Possible Lisa1 Spoiler

Posted by Mystique - 2006/03/10 04:51

Just read this post by a girl named Caysie on another site.. don't know how true it is.. you decide..

"From another board I visit, this guy has claimed to be Lisa's friend and predicted today's outcome to the letter; he had been asked about the tennis lessons and his response today is this:

"Yes ... to update you on things. The three 'goals' that Lisa takes with her back home is

1. to get at least a part time job 2. to put together a dinner party 3. to take tennis lessons.

Those goals were not mentioned on today's show, but they were mention in a previous show about having some goals. Today Rhonda talked about the last 'three' pieces of her backbone I forget what there were ... wisdom was one ... some other nonsense were the other's ... whatever

The 'goals' are what she will eventually or supposedly accomplish when she goes home. I just said forget the 'tennis lessons' because I know she never does that, and it seems not to be an issue in the end, and Lisa will graduate. They may not even mention the tennis lessons again ... but, she does get a part time job, and she does have the dinner party and Lisa does find some people to confirm that she has the other pieces of her backbone.

Rhonda does show up at her apartment the night that Lisa has her dinner party. She has some of her friends there. Mostly lady friends ... although I think she told me one man was there. The husband of one of her girl friends. It is not a big party ... just a few select friends.

What is funny and I am sure this will not be put on TV but, one of her girl friends really lashed out at Rhonda. Verbally attacking her for how she treated Lisa on the show ... which I am glad she did If I was there I would have done the same thing. I don't like Rhonda ... or at least the 'pregnant dog' that she comes across on TV. Lisa doesn't particularly like Rhonda either, and hasn't spoken to her since the graduation.

In fact Lisa said that Rhonda kept text messaging her 'male friends' while she was at the dinner party. From what I gather, and heard about Rhonda ... she is just about as lost as Lisa is when it comes to relationships ... forever searching.

That visit from Rhonda will also feature Lisa's parents again ... not at the dinner party, but the next day they filmed her parents again. They had like a session with Lisa the parents, and Rhonda.

After that graduation with Lisa in about 4 weeks from now there will be one more appearance of Lisa, and the others for the final episode of SO ... this final show will have many of the women from all three seasons on the show ... they will be doing a 5K race ... then have a little party back at the SO house. I don't know what they will show of all this. How it will be presented after the editing ... but, that will be the last show for the season ... whenever that comes around. Lisa will be there for that ... I don't think Christina will be there. As far as I know she wasn't invited.

The reason I think that they had all the women from the 3 seasons on the final show is because as far as I know the show has been canceled for next season I could be wrong on that, but I am pretty sure it has been canceled. So, the producers figured they would invite all the women from all 3 seasons as a final good bye ...

The only reason I am posting all this and violating the confidentiality of the show by posting this is because I am upset at the show for the way they treated 'my Lisa'. So the production people can stick it up there '.....' if they don't like me posting what is going to happen

I know that Rhonda read one of my emails that I sent to Lisa while in the SO house where I told Lisa that the life coaches were completely out of their mind, and they belong in a padded cell .. that was after I watched Lisa have to dress up as a baby. I told Lisa if I had know what she was doing at the time I would have told her to leave that house."

If they were gonna end the season and cancel the show, that would be a nice way to end it! don't ya think? All the ladies from all the previous houses and everybody coming together!

It wouldn't surprise me if "Caysie" turned out to be Lisa1!

So how do you find all this stuff out? I am new to this website, but have become addicted (oh no!) to the show. It's been driving me crazy that Lisa has not been mentioned for so long. So glad I found this website...I can move on with my life, now. I think I'll email internet man...just kidding! Thanks for the info!

ok, I've been chomping at the bit to answer this one. I'm on my last day of vacation and heading home tonight... I lost my cookies and subsequently the password in the laptop but took the time to find that password this morning in an old email This can't wait till I get home!

I wouldn't be surprised is Caysie is Lisa too.... There are a couple other posters I've suspected as being her too but we know it's just opening a can of worms..

If Caysie is indeed a friend... then she isn't serving her friend very well....

It's hard to edit Lisa's antics in a positive way in the house...Or Maybe Caysie has the same code of ethics that Lisa has??? Lisa's lame 3 goals if they in fact were legit...were the ones that Lisa herself came up with cooking, tennis and oh yeah, by Rhonda's prompting a 'job' last but not least.... :blink:

As for 'Caysie's' supposed news of Lisa not liking Rhonda.... isn't that surprising? Lisa made herself look like a fool. Iyanla wouldn't have put up with half the crap that Lisa did!

Rhonda didn't make Lisa look like an idiot...Lisa did!

Lisa is probably bitter... because of the fool she was...

I will say she did have the ability to be charming and witty.... but her true colors showed when under pressure. If they did do anything for Lisa in the hopes to at least give her a sense of hope (if she is really that much of a ditz..) that they don't air her graduation. Let that little pitiful party be as much of a fake as her tears.

Someone else posted that she also had to paint a room ...which is lame too.

Rhonda reads the boards too... (I'm sure)... (good for a few laughs!) Lisa should be thanking Rhonda for her patience... I mean she really tried....

It speaks volumes that Lisa only took a one time job..and is currently jobless again. I mean the economy is decent enough that she should be able to remain gainfully employed. But oh yeah.... she has said all along that she doesn't want to work.

So what was she in the SO house for???? I do believe that she was an old SO board member who really went on for a lark.... since she had so much time on her hands.

I agree with everything you said, KPW! I really tried not to judge Lisa! That is not EASY. I WANTED her to "GET IT". But she never did. I agree with uh er "Caycie" about how humiliating the baby dressing exercise was, but Lisa didn't get anything out of it. I've come to realize Lisa is Lisa and that's all she is expecting out of herself therefore, we can't expect much out of her either.

Lisa has grown up being an opportunist and proved so by wasting the time of EVERYONE in the SO house. Let's see, she spends 3 months in a beautiful mountain top house all expenses paid, doesn't have to work and this gives daddy time to save up some more money for her.

What will she do when mommy can't bring her tampons and daddy can't slip her a wad of cash? I wonder.....

Whatever! Who cares if Lisa is posting as Caysie or anyone else for that matter. I don't have a problem with it.

Obviously, people are sick of Lisa. She frustrates the daylights out of me. But she is who she is. I think she came on the show thinking they would prepare her for the REAL world, but Lisa is lazy, she procrastinates, she's unfocussed, ruled by her emotions, etc. It's going to take a LONG time for her to get her act together, but I think it's possible. Personally, I hope she does.

I think WE wanted Lisa to "get it" waaaay more than she did. It shows her and her friends mentality if they are in fact "mad" at Rhonda. I personally think Rhonda was not hard enough on Lisa.

Suppose all this is being saved up for "May" Sweeps week. Lame. Lisa didn't do the work, while there, why should she "graduate." Completely ruins the original premise.

It sounds more than plausible that Caysie could be Lisa.. I mean just from the fact that we know Lisa is computer savvy.. and this post was also found in the same place that I saw the "ask Lisa" part where Lisa is supposedly going to be answering questions from viewers.. A site where not many people are.. a site I didn't know existed when there are so many SO forums out there why wouldn't she contact someone in a larger forum if she wanted to straighten things out with viewers.. which brings me to thinking it's possible that SHE runs that website and is able to pick and choose questions (if she doesn't write her own) and show what she wants to show.. or it's a hoax altogether who knows.

By going on as Caysie or any screenname and claiming to know information as a friend, she may think that she can not be held liable in the non-disclosure contract. It's anyone's guess but Lisa always does what Lisa wants without a lot of thought so again plausible.

Her goal was becoming independent as a grown up right? If they look at her actions how can they say she accomplished this goal? Does tennis lessons or having a party have anything to do with this goal? Didn't she hold short term jobs she never hung onto BEFORE entering the house? So that was no change either. I really would like to know from the SO staff their justifications if they do graduate Lisa.. or be up front and say.. oh her daddy was her financial backing when the show was in dire straights and we made promises.. then it would at least make sense. Not right.. but makes sense. I don't feel she put in the work or came there for the right reasons and I believe if they graduate her they let her get away with it and set the tone for any future show.. if there is any.. if not, what a sad way to end a good thing.

I don't venture to the spoiler forum, but happen to come across this rumour and thought I'd mention it here. Then, BAM! it's being discussed. WOW!!!

WOW!!! (yes, double WOW) I too think it is plausible that Caysie is Lisa. I however have my doubts. 1) the post is well-thought out. 2) Caysie uses layman terminology for someone who spent any length of time in a TV production site. Then again, that may just be to throw reader's off.

Either way, if Caysie is indeed Lisa's friend, then it is not a stretch for me to suspect that Lisa is behind the rumour.

Lisa makes me think of another reality show called "Daddy's Spoiled Little Girl" I always wondered how these girls turn out in life. I'm almost embarrassed for Lisa that she even went on SO because she seems to completely have wasted so many people's time. I think part of the reason she never "got it" was because in the back of her mind she always knew someone was going to be there to care for her. Until that security blanket is completely taken from her, I don't think she will ever really know how to be accountable. She will continue to make excuses for herself to justify this way of thinking, because it is all she knows. Shame on her parents/friends/relatives for babying her long after her time to grow up has past, and shame on them for telling her she would fail when she did try to get the help she needed. She went into the SO house with the knowledge that everything would be there for her when she came out, and no one expected much anyway so why really try? Now all of a sudden someone is posting on the Internet about "my poor Lisa" and getting ticked off at Rhonda for how Lisa was treated? Are these the same "friends" that said, "Oh your going to fail anyway"? What kind of "friends" does she have!?

Ugh! What were we talking about again? There are too many Lisa tangents for me to keep straight. LOL I'm ready to see what Lisa has to say Then I will be well equipped to rant once more.

Your kidding right? This is seriously sick & cruel. It really sounds like Lisa. I mean the way she refers to Rhonda as a pregnate dog:ohmy: and such is absoloulty sick. Who in their right mind says such things. (obviously lisa1,lol.) but wow.. Reading this post i can picture lisa1 sitting at the computer writing this with a bottle of water and mr.internets photo right next to her. Her chuckles are re-playing in my mind..also the fake crys :sick: ..(ew!) anyways.. if that really is Lisa(wich i think it is.)i think she should be confronted by rhonda or atleast someone!!. oh wow that'd be a smackdown for sure!

& also.. why would rhonda waste her time texting the gentlemen at the party? Wouldn't that be obvious? I think so..

I love it when people blame *editing and production* for "making them look bad".

Noooooo.....that would be YOU!!!!!!!!!!!!!! :pinch: :pinch:

SHEESH.....yes, I realize that the show can edit OUT good things you *may* have done.....BUTTTTTTT (BIG but!!) they can NOT edit things IN!!!!!!!!!!!!!!

What.....did they tie strings to your mouth and force you to use the words you did????? Or strings to your body and force you to choose the actions you did????

The only way this woman will ever grow up and be truly happy is to "own" her stuff and quit blaming.

Now.....IF she truly is happy with her lifestyle and does not want to change.....FINE.....then DON'T go on a show like this or perpetual messageboarding and e-mailing to try to prove it. That only shows you are, indeed, UN-fulfilled and lost and grasping. And that is truly sad.

My anger and ridiculousness is even played out by now.....it truly is the saddest and most pathetic cry.

I'm back.... and glad to see the discussion about this continue...

I agree with you Grizz... You can't edit things in....and there were way too many incidents of Lisa being a complete idiot!
But as someone said maybe she is who she is...and she's just a ditzzy person.

In the Tampa Airport today I was browsing the shops... and I saw an apron... made me think of Lisa N.

it said " I can go from hostess to b**ch in 2.9 seconds!"

Made me think of the Tupperware party!
