April 17

The housemates go rock climbing while blindfolded, forcing them to rely on a partner to guide them; Iyanla meets with Niambi to talk about Niambi's past mistakes; Kelly calls her mother and tells her she was never supportive.

April 18

Bethany stands by her decision to leave the house; Kelly accuses Niambi of being hostile toward her; Kim meets with a gardener who teaches her how to nurture plants; Iyanla tells Jodi she can finally destroy her mask.

April 19

The new roommate, Antonia, arrives; Iyanla and Niambi talk about the issues Niambi has with her father; Antonia tells Iyanla that she is too pretty to ride a bus; Kelly finds out she is graduating.

April 20

Kelly gets a sexy makeover for her graduation; Antonia meets with a financial planner; Rhonda says Kim will not graduate unless she can stop making everything about herself.

April 21

Rhonda confronts Kim about her speech at Kelly's graduation; Rhonda assigns Christie to write all her negative beliefs on a metaphorical wall they have created; Kim finds out she is graduating.

Kelly is leaving. I hope she got out everything she wanted. Welcome Antonia

I am not sure what Iyanla means by too pretty to ride a bus. I never heard of such a thing before.

Just taking a guess.... Maybe Antonia thinks she's too good to ride the bus... Sounds like she has some debt issues.

Interesting that Kelly and Kim are graduating back to back.... Maybe Rhonda confronting Kim about her speech at Kelly's graduation is really a positive thing and shows a lot of growth on Kim's part. I can't think of any other reason why she would suddenly be graduating right behind her!

BTW, Thanks Sofaneast for the previews...

Bethany is in and out before we even see what she looks like! I guess there won't be any mistaking her for SO2's Bethany in the future..

Wow they are sure moving along fast now aren't they? Rhonda tells Kim on 20th that she won't graduate if she doesn't quit making everything about her, then on 21 she is told she will graduate? LOL...sometimes this show makes me wanna pull my hair out! :S

Uhhhh, let me get this straight. Kelly accuses YET ANOTHER hg of being hostile toward her, then grads out of there 3 days later? Oh, brother!

I just hope this plays out better on tape than it looks on paper.

I'm seriously wondering if they are not rushing all the grads because they know the show will not be picked up again in the fall? Seems really strange to me that both Kelly and Kim are graduating. Of course real time is longer than what we are seeing on the show so we don't know how much time has really lapsed.

I wouldn't pay too much attention to previews.. It could hav been a veiled description of a minor incident or something totally out of context...

re: the pace of the grads...

I have to think they would be having to skip over alot of material and parts of the women's stories.. If the show wrapped up the 3rd week of January and right now they are only in the latter part of November or so... they have 2 months or less left to tell the rest of the stories. It's taken them almost 6 months to tell 3 months worth of housetime.

I know this question came up last season. Does the house close down for the holidays? Maybe a 2 week break would really help the story telling process (and allow them to catch up a bit). Gonna be really hard to start jamming the storylines in...

Although I don't like it, it makes sense that they are rushing things like they did last year. It's already April and May sweeps are (obviously!) next month. Didn't they end the season last year at the end of May? Also, does anyone know whether or not the show is definitely being cancelled?

This oughta be interesting. Or maybe not - it IS hard to tell from the spoilers. Half the time, the description that sounds all dramatic is the least interesting part of the episode, don't you think?

Dunno - graduating Kelly that fast just sounds disturbing from here. She's got a LOT to do.

Yeah but, I think the Rhonda confronting Kim about something she said won't mount to a hill of beans in regards to conflict. Kim is probably complimented... (a different sort of confronting..) I only imagine this might be a possibility because lo, and behold, Kim graduates on Kelly's heels!
