They are doing the deed! Did you catch Gill being interviewed on CBS morning show? Go to their website, you may be able to view the entire interview. Apparently, this secret relationship may have been going on for some time.

My question is what did he know about her drinking problem from a awhile back? That was her right? I get some of the CSI's confused.

there has been some kind of tension between Gil and Sara for quite some time....I figured it was a sexual thing...started way back when Sara replaced(at the very start of the series) a person who was killed during an investigation I believe. I did not see the finale episode so thank goodness for reruns, and what is this about Brass getting killed?!?!?!?!?! I will definitely watch the rest of the reruns!!!!
