I really hope she is the next to graduate :unsure: :unsure:

Now deep deep breaths :laugh:

There is hope clicker.Nyanza does graduate next and teresa moves in. When that will be I am not sure. I an't believe they are showing Kymberlyn. The one person who never tried. I believe Mo was right about scratching the surface on Nyanza. I thought when Andy and Nyanza hosted this week they said Nyanza graduated a week after andy moved in with her.

There is a light at the end of the tunnel and it is getting brighter.

Hi momof2gg24

Have to disagree with you on the Mo did not even dent the B's armor :mad: :mad:

Didn't you hear her on the phone with her friend talking about the new roommate.

She "Said" she and Mo made up but then made a face and laughed as she was about to say something and then realized the camera was still on her :ohmy: :x

She just did not want the housemates to think she has not grow at all.

I do not know how she can sit there with these great ladies and lye on the screen again..... :blink:

I wonder if the show had to pay her fees of \$ 250 an hour YA RIGHT!! AND I GET PAID \$300 TO WRITE NICE THING ABOUT HER HERE ON THESE BOARDSSS :laugh: :laugh:

If she were my lawyer and I saw how she behaves with, and talks down about everyone. I would fire her so fast her name brand shoes would have to be resoled because of the wind pressure of her ranting at me :P

But then thats just the low life in me showing ;)
