
Nyanza -The scene with the whistle.....

Posted by Clicker - 2004/07/22 10:34

I wish Rhonda was there instead of Rana. I love Rana but I think Ny's personality was even too strong for Rana. She was at a loss. Nyanza says I'm not going to take criticism without responding...HELLLLLLLOO that is what the exercise is about!

What do you think her "friends" thought of her when she was home and they watched!!! I can't stand her ! She doesn't look like anything changed with her. GET OVER YOURSELF. No one can change if they are not open to it. She is definately not open....you think?! why is she there????? :mad: :mad: :mad: SHE IS PERFECT!!!!
Ok...now I can release the pause button and watch the rest of the show!!!! :unsure:
Thanks for letting me vent....yet once again!!! B)

when i was watching the episode today where she and andy were hosting, it hit me she looks like a cat about to strike.
Andy was right though they needed that whistle 5 weeks when they first starting out.
