According to her blog... SO4 isn NOT being picked up and that she is the last graduate of the show as we know it.

She mentions that she'll be posting more about what she has been doing on Thursday. I presume after the final episode has been aired.

Here is a link to the blog entry.

I just read that! How sad!:(It sounds like maybe they are trying to plan something like SO for primetime though. It could never be the same though. :(:(:(

I was watching the show today, as usual, and had not been keeping up with the board or news about cancellation, but when I realized they were all leaving the SO House and there was so much left undone with the participants, like Niambi and others.... I couldn't believe it. I thought, what's happening, why aren't they showing "next, on starting over"....

I can't believe it was cancelled. Wonder what they're going to replace that time slot with? I'm so disappointed, i really loved that show.... and I don't watch any shows regularly, not even night time TV....
:(

I can't even read her blogs. Not through that damn hot pink "dream" cloud she's put in front of them.
