Hi everyone! I'm Belle and I'm 21. I just graduated college and I'm a nurse. I'm really looking forward to making new friends who are supportive and encouraging! I love starting over and it has really changed my life (as corny as that sounds). :) If ur interested in supporting one another in our journey of self improvement, message me! I'm so glad I found this site.

Hey! I'm 21 also. I have one year of school left. At first i thought starting over was so corny and dumb. But now i really enjoy it. I have to set my alarm clock so i can get up and watch it. Except whn i go back to school i don't know if i'll be able to get myself out of bed like i can now! Hope all is going well for you! I just joined the site recently also.
