## those \'jeans\'

Okay, I remember when the reruns started, and someone mentioned lisa's 'heart jeans' I thought it was some kind of seating cover up that was part of her climbing gear.

Yeah, okay, so I'm not always the sharpest knife in the drawer. :laugh:

I thought perhaps they were mentioned then as they were kinda like the seat of the 'shorts' they had placed on her.

Now, HOWEVER, I see my misconception!!!

WTF is it with these jeans with the heart with wings on the ass of them????????????????????????????????

These make me literally.....

:sick: :sick: :sick: :sick: :sick: :sick: :sick:

....every time I see them! How can she think these 'look good'? But then again, I think to myself, we ARE dealing with lisa, here. But man, does anyone EVER wind up calling her on these? Telling her they make her look like a dart board for sl\*ts?

Sure, she is thin, (hell my size 8-10's are falling off me without undoing the zipper! I lost over 100 lbs in the past 2-3 years, but had always been slim before) ....but she's really gangly typed, and not all that pretty, and her hair is all dried out, making her look really odd. IMO. And with her posture, as I mentioned a long time ago, when I first got here to SOT, she looks like a really odd shaped woman. Now, some can look at this post and say I'm bashing the woman herself, and I may be, but I'm thinking it's her behavior as she is choosing to look like this. So hoot me if I'm disgusted by the way they make her look, drawing everyone's attention to her skinny ass.

And with the way she 'flirts', (as in drools over every male she sees), how can she think this is going to attract anyone \*worth\* getting to know? They seem more like 'walking the strip' pants, advertising her wares. And I ain't talking about her \*under\*wares!! Hehehe

Does she ever say anything about them? Or does TJ finally speak up?

Gawd, I'm loving that TJ more and more every day, and think she is now my ideal HG !!!!! As much as I love my dear Kim, (Season 3), and I do sincerely love her, TJ has all the good, right, and FUNNY stuff going on.

Someone tell me Jill burned those jeans at one point, eh?

Puh-leeeze?

Ohhhhh, man! I missed those jeans when it first aired. I wasn't so lucky in re-runs. O.M.G. I think the fashion statement there was "got no trunk for this junk". I want to know where she got 'em. I'm thinking, those jeans, roller skates, a members only jacket, and some wings in my hair and a sash, and I can be Miss Disco Hell 1977 for Halloween this year. (Myst will appreciate the gesture, I'm sure.)

OMG - I am sooooo sorry! I only know of one way to make a stuck song go away. You have to replace it with a different one.  
Try:

[http://www.guzer.com/videos/numa\\_numa.php](http://www.guzer.com/videos/numa_numa.php)

It's called Dragostea din Te. If you don't know the words and can't understand the language, you won't be able to remember them and it can't get stuck for long. Hate to admit it - but I actually know all the words to this sucker. So don't make that mistake.

I thought Lisa's jeans that I saw the other day with the skull and cross bones on the side were far worse!

But, did you see those underwear her mother was showing her. I guess the apple didn't fall too far from the tree!

There is a phrase for women who dress and act like Lisa.  
And the second word is "tease."

I think we've been seeing a couple different pairs of pants.. today she went to bed in what appeared to be a 2 piece set with something on the bottom. The heart was much bigger..and I don't recall seeing the wings.. I think maybe they are the same designer... and probably geared to tweens, teens and young adults. She's so thin that she probably does shop in the juniors department rather than the misses department! (of course I don't really know ... just speculating!)

I hate it that she's so thin! I figure. But, then again, did you see her lunatic mother outside shooting hoops in the moonlight.

What a family!

I actually liked her parents...

Part of the problem with Lisa, is that she seems to have been the only child. And probably was overindulged as a result.

I dare say we might see alot more Lisa's in the years to come with the entitlement issues that many kids have come to expect.

She probably learned early on how to manipulate her parents and get what she wanted.

It looks like the thin part is genetic. The curve in her back kind of startled me when I first noticed it.

I got a kick out of seeing mother and daughter shoot hoops! I don't know how old her parents are, but, if Lisa is 40 they're most likely well into or beyond their 60's. As people, I found them refreshing, humorous and enjoyable.

(Too bad they raised a spoiled brat who never matured enough to outgrow it!)

I have heard that people have a strong tendancy to gravitate to the style they had when they feel they looked their best. If you felt free and sexy in the 1960's when you were in your 20's, you may tend to wear your hair long and hippie style clothing even now. If you were in your 20's in the 1980's, you may have a desire to continue to wear big hair, etc.

I think Lisa is stuck in the style of when she felt she looked her best and she refuses to move forward in her fashion. Forty-year old women can dress very fashionably and sexy, but not in teen jeans from another decade and teeny shirts that were designed for 12 year olds. Stylist call these people "dated," because they advertise how old they are by showing the styles they wore in their prime, even though it was a long time ago.

I am appalled at how Lisa dresses. a 40 yr old woman dressing like she thinks she is 12? its absolutley horrendous and no one says anything to her about it. Christina also dresses badly but she is young still. Allison for all her concern

about having lost her boobs sure wears tops that dont cover her properly, even showing a scar. that i dont get.

If I had a 12 year old, and found out that she was dressing in tight skimpy tops, and tight jeans with a big heart on the butt . . .

I know this is the "Lisa" forum, but I want to comment on Allison too. I find it a bit suspicious that Allison is always saying she thinks she's ugly, etc., but she sure spends a lot of taking putting on makeup and dressing fruffy. It seems to me if she REALLY thought she looked bad she'd tone it down a bit. I think she likes it when people come back and say "OH YOU ARE SO BEAUTIFUL" etc.

Just my opinion!

I thought her parents were very secure, but I think THEY see Lisa as part of their trio. My parents were like that too. They made it very comfortable for me to cling to them.

It wasn't until I moved across country AWAY from them that I blossomed, met my husband and got married. I don't think I would have if I stayed near them.

Did you notice how Lisa hopped into gear when they came to town? She was scurrying around serving them and waiting on them hand and foot. Almost like she was their servant girl.

Watching the reruns gives me a whole new viewpoint of Lisa then the first time.

Of course we all like to be told we're beautiful..but I hope we don't all walk around sniffing and crying and saying...oh I'm so fat and ugly...just so people will say no your not....

that's manipulative.

yes Alli is manipulative, so is Lisa. its too bad, hope they mature out of it to more healthy ways of relating.
