Ally McBeal

This was a great show too bad that it had to end.

I thought that Peter MacNicol*** John Cage was pretty funny on the show. He had this song in his head I don't remember the song but I remember a bit of how it goes....LOL :silly: :lol:

Anybody knows?

I loved Alley McBeal too. I am a lawyer and don't usually like shows about law, but, this show was different. Every week my girlfriends, who are also lawyers, would come to my house and we would eat popcorn and savor every scene of the show.

The dance scenes were the best. We had such a good time with that program. I thought towards the end the storylines left me disappointed. I did love Robert Downey, Jr. when he played her boyfriend. How sad was that?

Good news!!! Calista Flockhart and Sally Field are starring in a new drama called Sisters. I think the woman who played Brenda, Nate's wife on Six Feet Under is also on the show. It looks like it will be a great show. I love Sally Fields so I'm hoping it will be a hit.

Whenever I heard the song I had a good chuckle. :lol:

Nadia, please tell me you are joking. Not into Barry White? I'm not sure I've ever heard of that before. HEEEE. Just kidding. I guess it's a generational thing, although, I consider his music timeless.

You might want to give it chance. I'm not sure how old you are, which could make a difference.
