New Reality Show

'Breaking Up with Shannen Doherty.'

Actress Shannen Doherty intervenes on behalf of people who feel they're stuck in bad relationships and helps them cut the cords of attachment.

This reality series comes from the creators of 'Scare Tactics,' which also featured Doherty.

I have seen the show once or twice. I really felt sorry for those people who got dumped on national tv without any warning. Shannon was not too mean about it, but, still....it's just too tacky. I guess some people really don't have the courage to end a relationship.

I guess there really is no subject too sacred for a t.v. show, huh??
