Hey y'all!!!

Any of you start watching this new show??? I, of course, being into the crime genre started watching it. I like it so far. Not love it, but like it. It's like 24 in the sense that each show is 1 day (not 1 hour). It is a lot more gritty and intense than Without A Trace.

Let's see, 'Vanished' and 'Without a Trace'... Same idea? Different styles? I just can't get into some of these shows.. They all start sounding alike! These 2 especially sound like the same type show!

I usually am a johnny come lately to my favorite shows.. I tend to accidentally fall into them...

Let me know when you Love it! I might check it out!

I have a question:

Doesn't Gale Howard look like Aston Kushner?
