Awhile back I was stuck working in an office that left the tv on channel 3 all day so I would catch bits and pieces of Passions. I started watching it sort of after Days, but haven't watched it for like a year.

What the heck is going on?? LOL...Today I happened to catch it while cleaning my bedroom and Luis was in the swimming pool with some blonde, but I don't think it was Sheridan. Is Sheridan still played by the same woman. I notice some character changes...like Miguel? that's not the same boy is it? Fox? Why is Ethan still with Gwen and who was Theresa in bed with?

The show looks as crazy as it ever was. Did that police chief's wife ever come back to him or is he still with that blonde?

Luis was swimming with Fancy Sheridan's niece. The lady that plays Sheridan originally will be returning but she had a baby! I miss the old fox hey you know that the old fox was really Theresa's husband in real life not this ugly looking one now that they have playing him. :sick:

Ok, who is Chad sleeping with and why? That is driving me crazy. I haven't watched the show seriously for a while now, but I cancelled our cable and now there is nothing on.

Is Sheridan "evil" now? When did Eve go back to her husband?

Chad is sleeping with Vincent the guy that Theresa hired. I guess Chad is addicted to sex and is gay but doesn't want to admit it to himself. It does gross me out to think that he's sleeping with this guy Vincent and then also goes and sleeps with Whitney, he has no shame.

Also rumors are floating around that the black mailer may be Rebecca cause now she back in the picture... but I guess will have to keep watching cause I'm thinking it's Alister, and what about that thing?? The half man and half woman??? now who could that be? Could it also be Rebecca cause she is the only person that I could think of that doesn't want Theresa and Ethan together.

Ohh I don't know anymore. It's been too long that I've wanted Theresa and Ethan back together and now that it's being cancelled who knows what they have planned for these to. Gwen doesn't look like she's coming back.. btw she had her baby, baby girl I think it was.

I also think that Sheridan is behind of whats going on with Fancy. I think spike did rape the first time... but then it was all Sheridan after that.

And Pretty, she is Fancys sister.. what do they plan on doing with her and what is the big secret behind her and Fancy??

Does anyone think that this show will survive being moved to DirectTV? I don't have direct tv and I'm not buying it to watch all of this strange stuff that has been going on. A lot of the lines are just too insane for me. I pretty much watch it because I have watched it from the beginning and it filled in the space of a show I watched in it's time space. I don't know when it's moving but with the actors luck.

btw, the Vincent/Chad storyline was icky. Poor Whitney, not knowing for so long. Sheridan does seem like a true Crane now. I have always hoped that Teresa and Ethan will get together. But then again I was rooting for Sheridan and Lois before Fancy came along. I'm glad it's not my real life. :lol:

I don't watch the show... (or any of them for that matter) But whenever I see Passions mentioned.. I remember SO's Bethany being a huge fan of the show! Remember the softball game?

I thought it had bit the dust..Maybe it was another long running soap..

I can't imagine them taking a long running soap and switching it to Direct TV... What are they getting kickbacks from Direct TV? I guess anything's possible..

Does anyone know how Chad died? I missed a couple of days and the next thing I know Whitney is identifying the body. What gives?

I haven't seen it since Monday now that it's on DirectTV :( but Chad was shot by none other than Alistar Crane. Alistar was trying to poison Theresa with chocolate covered strawberries and it was Ethan that ate them. Ethan was in a coma last I knew. While he was "Sleeping" Theresa told him that he had a son and he heard her.

I wish I could see it still . :(

I haven't been able to watch the show since it went to direct..and I don't even know why I read the recaps because when I used to watch it I would sit there through the whole show saying "this show is so stupid" but for some reason couldn't turn the channel...lol But Dustin's site does great recaps of the show. They are only airing it three days a week now. Maybe it's not doing so well?

Theresa was eaten by sharks in Mexico so everyone thinks only little Ethan recognizes his mother who is dressed up to look like an ugly nanny named Gurtrude. She was in Mexico because turns out Pilar had a huge secret with an enemy who was threatening to kill her whole family. Gwen and Rebecca found this out and called the lady in Mexico. Theresa flew down to try to reason with this lady who in turn shot a rocket launcher at the boat. Theresa and Pilar (who came to save Theresa) Pilar was saved. Theresa presumed dead.

Now Gwen (who came back with a baby claiming her Ethan's) is planning on marrying Ethan to give little E, Jane, and the baby Jonathon a family. Ethan is all up for it but can't get Theresa out of his head.

Vincint/Valerie same person pregnant with his father's child (Julien, who recently was a victim of Esme's stalker/killer. First killed Fox, then Pete, then the cop guy, then attacked Rebecca on accident and now hacked off Julien's penis.) Assists Eve in the operation of putting it back on. No one knows that it is Vincint. Everyone thinks he's dead but he is mostly acting as Valerie. Supposed to be taking care of Eve but is actually drugging her and getting her drunk. Eve was banned from practicing because of something Vincint did but she asked her back for this surgery. Vincint convinces her she has to cut it smaller and to put it on upside down. The stalker/killer/attacker is Vikki, Esme's niece who wants Esme all to herself now that her parents were killed.

Sam and Ivy are together

Paloma and Noah and Kay and Miguel are supposed to have a double wedding but the demon elf is back and causing trouble for Noah and Paloma

Tabitha and Endora are fine and pretty usual

Luis.... Well Alister trapped him and Pretty (Fancy's scarred sister in a dungeon type room and told them to have sex and get pregnant and he would let Marty go so they do it and Fancy and Sheridan find them naked (he's been trying to marry Fancy for awhile now) So Marty comes back and he is balancing his love for Fancy with trying to keep Sheridan happy and Marty. Pretty is working with Alister. She gets a hold of his remote for Fancy's brain implant and makes Fancy act out a lot being very unstable but it almost got figured out and Marty gets a hold of it. I believe it was broken. Pretty fell in love with Luis and now all three women are fighting over him. Oh yeah and Pretty is faking a pregnancy threatening with an abortion making Luis go crazy. OK if you have any Q's Ask! I'll check back and try to update you
