
Days of Our Lives

Posted by tudin_girl - 2006/08/10 15:39

Ok does anyone have any idea who this gloved person is that is messing with everyone? It's driving me nuts, and I thought it was possibly EJ, but then a note was delivered while he was with Sammi. I don't know what EJ's deal is though...it can't be good.

I heard that Days was planning to bring back Heather Lindell - Jan Spears sometime in July.

I haven't been keeping up with the show, so I'm not sure what's going on.

You know we wondered about her and I could definitely see her doing stuff like that...but would she try to do things to get Shawn and Belle back together? And I wonder why she would mess with all the rest of the salemites?

Ok, I've about had it with Days. If they don't spill the beans about this baby and Shawn and Belle I am going to scream. I want them to tell their story and then send them to an island...somewhere far far away!

Does anyone really think Sammi will actually get through her wedding? And why the heck is Carrie staying with Lucas? Jeez!

As long as I have watched Days, and it's been waaaaaaaaay too long, they have drug these story lines out to the point of driving me mad.

I would just love to see someone really shake things up and do something a little more unexpected.

My mom watched Days way back when I was in HS....I started watching with her...eeee gads..so long ago! I am happy that they have brought back one of the original writers...let's hope for New Story lines instead of the same ones over and over again...too boring!

Let's face it...the viewers could write the scripts!

Oh yeah...like who couldn't predict that Hope would end up pregnant with Patrick's baby? Or that Jack would show up on Jen and Frankie's wedding day.

They definitely need to come up with some new stuff and I hope your idea turns out to be right.

I just read that "Days" has a new head writer that is going to get away from all the craziness of the past couple of years and bring the show back to reality! They will develop Marlana into the "Matriarch", and develop story lines that relate to the characters again! Thank Goodness!

For the past couple of years the stroy lines have been crazy! There has been no beginning, middle nor end to each plot line. Can't wait to see how "Days" developes now!

Well IMO it can only go up from here...lol

I just read some spoilers about Days. So if you don't want to know these you should slowly back out of this thread now...lol

The gloved hand is going to be revealed as EJ. He is going to end up being a DiMeira (BIG SHOCK...NOT) but apparently he is either going to be Benji (that Kayla and Steve took in and then realized he was Stefano's) OR he is going to be "little Elvis"...Susan's son. I knew that guy was being too nice...he had to be evil...lol

Jack and Jennifer are leaving the show, and apparently so is Phillip, there was no word if he would be re-cast. Shawn is being re-cast, don't remember the guy's name...I hate when they re-cast a character. Patrick and Mimi are leaving. I guess this means Shawn and Belle will be getting back together. The paternity of Claire is supposed to really come out soon...another DNA is scheduled. There was another one or two that I can't remember now, but I started thinking with all these people leaving who are they going to write the stories about...lol.

It looks like the new writer is actually going to do some good for Days....let's hope, and let's hope he can move these story lines along a little faster!

Oh and Patrick is supposed to be arrested in Eve's murder. :ohmy:

Wow, a lot happening on the show. I thought Jennifer and Jack always made a great couple and to see them leaving the show it's too bad.

Thanks for the news. It's great how you keep me and some of the other girls here up to date with what's going on in TV LAND.

LOL

Your welcome...I need a life....lmao.

Oh the ones I couldn't remember were leaving were Carrie and Austin. I read it today in the checkout at Wal-Mart in Soap Opera Digest.

I'm really looking forward to some better and hopefully faster moving story lines, but I hope he doesn't get rid of everyone...lol

I'm kind of excited about the show now so I hope good things start happening.

They didn't last long again.. they just came back not to long ago!:blink:

Well they sure are moving Days right along.

I've found a great site for the next days episode. www.theearlyedition.blogspot.com They have some great spoilers there and a link to Dustin's site which also has future spoilers.

There is supposed to be somebody besides the character playing EJ revealed as Benji...I think Steve spots him in the hospital today or Monday, and thinks he looks familiar but doesn't know him.

I wanted to share that website with whoever might be interested. So far the spoilers have been accurate at Dustin's site too.

That new head writer at Days is really great. I am actually starting to enjoy the show again. Storyline is moving so much better and it seems he has righted some wrongs...Bo and Hope back together, and Hope finally finding her brain realizing Bo couldn't have done the things he was accused of. Steve and Kayla...reunited..woohoo. And finally I think Sami and Lucas might make it.

I guess Mimi is leaving the show in Jan/Feb and I believe I read that Patrick is too. It's rumored that Eileen Davidson might be returning as Susan?

What do you think Willow's story will be? There is something way more to that than we're seeing right now.

I'm just glad that Days is getting back to the show I used to enjoy.
