
PM problem

Posted by Debby - 2006/09/25 11:31

I just wanted to let any of you know that if you sent me a PM and I have not returned it, it is because I can't. There seems to be a gliche in some of my outgoing PM's. Tara has checked on it, so I think it will be fixed soon.

I don't know if others have had this happen or not.

I think I'll try to clean out my boxes...

It says I'm using 199% !

That might help!
