SoFan1, I believe that is a RUMOR that someone from the 'other side' said! They said that Kim posted it on another message board!

Yea, right, I don't believe Kim is that far gone that she would put that kind of news out on a message board!!!

Did you check out Kim's NEW Pics on her site? Of her & her husband all 'lovey' when they were on the cruise???

Ok, I thought he told a patient and the patient said it on a message board.
I wish Kim all the best. ;)
