## Oprah not invited to Cruise wedding

A shock that Oprah isn't invited to Katie and Toms wedding!! The castle holds 14 hundred people and Oprah not invited I think that's an insult! Oprah did mention on Entertainment tonight that she does plan on buy the couple a gift. " First addition something a book" she says. There are no hard feelings for Oprah.

Also rumor is that their gift to the city where they are getting married in ...they are paying for the roads to be repaired. - nice -

Here is a link if interested re: Oprah not being invited.

Do you really think she'd travel that far for it had she been invited?

I didn't know she was a close friend..

Sounds like she has a good attitude about it. I wondered if Katies parents are even going... Sounded like they weren't happy about the relationship at all!

I guess if you are going to have a destination wedding... then it typically would be smaller than a more traditional wedding.

Maybe he blames Oprah for the bad press of the incident of his craziness on her show...?

I wonder if he invited Rosie? I guess she'll tell all really soon. If she's not on the View Friday, I'd guess she's heading to Europe!

I'm really not following all the hoopla though...

Let's see how long this lasts....

Anybody think it's for keeps? I don't .... I just get the feeling that he is a bit unstable..and he dominates her.

I would think if Oprah was invited to their wedding she would go. I wonder how many ppl are going to be at this wedding..the castle holds 14 hundred can't see them having that many close friends. you think? Maybe.

:huh:

I guess we'll have to wait and see...

Just because it holds that many, doesn't mean they were planning to have a wedding that large. Didn't Madonna and her hubby get married in a castle or something.. Or living in one?

---

Maybe half of Tom and Katies wedding guests will be media or bodyguards to keep the media out!

Personally seems like alot of name dropping goes on at these huge affairs..

Maybe Oprah had other commitments.. I mean it's not like it's an afternoon out of your schedule!...

Would be nice to double as a vacation though..wouldn't it? :P

Yeah, I was thinking they went the whole out of the country route so they could have a reason for having a smaller wedding. I don't think there's even close to 1400 that would attend. I wouldn't!!!

Nicole Kidman said that he was quite controlling in their marriage. That marriage seemed to start off well until he became a Scientologist. He didn't like the fact that Nicole would not go along with it.

Katie joined his church so whose to say. She might have a submissive personality where Nicole did not.

Considering the age difference and the fact that her parents weren't very supportive... the whirlwind nature of the romance to begin with... (or so it seems) I'd say it has little chance of success. She might be submissive now... and I am sure he pushed her to accept the scientology stuff... but sooner or later, as she gets a bit older..(she is only 26 o 28) (He's 44)...she will wind up resenting his dominance.

I know there are lots of May December marriages that do work.. or at least appear to.

I hope they prove me wrong..and maybe Katie will be good for Tom to help mellow him out!

It's pretty hard to tell what marriage would work and what would not. Hollywood marriages hardly work out because of the ME ME ME enviroment that is bred there. There is no doubt that Kate's parents are very important to her even though she's gone against them several times. If Tom tries to dominate her relationship with her parents.. no doubt she'll walk sooner than later.

I'm never surprised by celebrities divorce announcements. I get surprised when they either divorce quietly or announce their 10th anniversary.

I pretty much agree...

I did see an ABC piece that says that her dad will 'give her away'...

What's a parent to do? If they don't give their support they risk alienating her... Sometimes better to let them find out the hard way.

<http://abcnews.go.com/GMA/Entertainment/story?id=2651598&page=1&CMP=OTC-RSSFeeds0312>

I will say that Tom is now associated with the Redskins Owner Dan Snyder. I think Dan Snyder might be bankrolling Tom's new movie company.

<http://biz.yahoo.com/bizj/060829/1338029.html?.v=1>

This deal went down late summer and Tom, I am sure as a courtesy to Mr. Snyder showed up with Katie at one of the early season Redskin games. The local media were all over it.. Katie looked bored to tears..and didn't seem to be enjoying it at all.. Of course Tom was in his sucking up mode to his benefactors.. I'm sure Tom and Katie don't give a hoot about the Redskins!

Just seemed strange..Poor Katie was going through the motions..

Well I am suprised about Oprah since he has spent so much time on her show or was it "Just Business"

His dear future wife is young and you know when you are young and in love you think they are perfect-- oh but we do wake up don't we.

I do get the idea he is controlling though and kinda like its his way or the hi-way. Seems more and more women do not like him. I know in my workout class--I could not find anyone that did.

You know he did not even tell Nicole that he was leaving her and divorcing her instead he sent someone to tell her and I wondered if it was someone from his religion.

I thought soon after his breakup with Nicole, wasn't he dating one of his costars from a movie.. I think it was Penelope Cruz.. I think they dated about 3 years or so..

(Now that would have been funny if they had gotten married..Cruz and Cruise! LOL!)

It was Penelope Cruz. She's a member of Scientology as well but she's seems pretty independant.

I thought it was a horrible way to let her know he didn't want to be in the marriage any more. She was 3 months pregnant when it was announced to her and she later miscarried the child.

I am not impressed with the man... Sure he's got looks and money and not above helping someone in distressed but on the whole he's someone I would idolize.

Wait a minute!!

Wasn't he the one who was jumping on Oprahs couch saying how much he loved this woman!!

Oprah brought that out of him and shes not going.....

BUT....

On the NBC show they showed Brook Sheilds going to the wedding.....refresh my memory.....Didn't he make those remarks about her taking "drugs" after her daughter was born and how wrong she was.....

Glad I live in a small town!! Celebs.....

Hollywood ...

Rumors: Oprah had distanced herself after that couch triade and that Tom may be still stinging from that. (Another speculation is this it Tom's wedding and those larger than he is is not premitted to distract from his wedding)

What isnt' a rumor.... It's Katie and Brookes friendship... not Tom's. After Suri was born, Kate and Brooke got together (they both delivered on the same day at the same hospital) Tom did apologize for hurting Brooke's feelings (not making the comment) but Brooke said she forgives him and has let it go.

A rumor about why Kate and Brooke are friends is that Kate had a small bout of post partem depression and reached out to Brooke.

As much as I dislike Tom the man, I do admire his acting. I loved War of the Worlds even though I didn't want to because I dislike him so much.

I think he is either mentally ill and won't get help or just a self centered jerk. I pity that poor girl. The only good thing is that even if they split up, she will be well off financially for life.

I heard that it was a Scientologist ceremony. I don't know what that means. I did hear Regis say that he was invited and he did go and attend the wedding. If I were Oprah, I think I would have been relieved to not have to put on a fake smile and congratulate the couple. Everybody who says they believe Tom and Katie are just fine together and they are happy about it are just lying anyway. Everybody I know thinks he is bad news.... everybody except for Katie that is.....poor girl.

Which family member does that baby look like? She doesn't look like either one of the parents.

Word is that there was a very dramatic kiss after the couple was pronounced husband and wife. Made me think of that big kiss on the award show between Michael Jackson and Lisa Marie Presley right after they were married....remember that? Uhhhhhhh.

EWWWWW! That Lisa and Michael kiss.. that was extremely hokie... Never could understand that union.

I happened to be looking at one of the magazines at the checkout on Friday... I think it was an 'US' magazine. Of course they were featured and I skimmed the article while waiting to check out..

It mentioned that it was going to be a Scientology wedding... but that Katie wanted something to appease her parents a bit.. so that is why they had an opera tenor.. (can't recall which one..) sing the traditional Ave Maria... to add a catholic touch 'for them'...

It also said that her gift to Tom would be to have another child pretty quickly...

(my eyeballs are rolling!)

I did see a pict of the baby and I thought she favored him. Both of them having dark eyes and hair... it's hard to tell. I've seen kids look like one initially and then develop stronger features of the other parent later on.

All 3 of my kids look different and none look like one or the other of us... We used the same 'recipe'! One daughter might favor me a bit more...Two have their dad's feet! LOL!

I was trying to find the US article..

My mistake about the opera tenor... it was a vocalist.. Andrea Bocelli.

Here is some info .... (1 among a zillion) (trying to find the one where it was mentioned why Ave Maria and also that Katie wanted to get pregnant with another child soon. (no luck though)

I love Andrea Bocelli. What a voice. Ave Marie is my favorite song even when I was little.

I heard that she had a Catholic Blessing (and it had to have a Civil Ceremony included in it because Scientology isn't regonized in Italy)

One thing I read...is that they actually got married in LA before they left... so that their union would be officially recognized..

I guess I never thought about the legalities of getting married abroad.. I just thought an international marriage would be recognized everywhere...

Or maybe there were other issues...

You know those various articles.. I don't know if that particular one was 100% reliable. I had read on another they had taken care of paperwork here... So maybe it's in conjunction with that.... Heck.. all they'd need is to have a jp come to their house.. do a quick 2 minute thing.. and sign the papers..

With that.. Katie would have a hard time backing out of the 'production' event! Sounds like it was more along the lines of a royal event!

Anyone hear if Rosie went?

Here is a picture I found of the couple on their wedding day I'm not sure where this picture was taken. I thought the dress she wore was mentioned ivory color this looks white to me.

Anyhow.... hope to see update and more pictures soon. Not sure if Rosie yet was invited but time will tell.

I have a correction to make. In an earlier post I said that Regis was invited to the wedding, but, as it turns out he did not attend. I know for certain he talked about being invited and attending. He must have been joking, but, it didn't seem that way. Even Kelly was talking about him being away to attend the wedding last Friday. But he definitely didn't attend because on Monday he talked about something else he did on the weekend. Go figure.

The story in the newspaper some time back was that when Tom Cruise was on the Oprah show and did the "couch" tirade, some time later Oprah was on a talk show and said she wasn't buying Tom's jumping on the couch and just wasn't "feeling him"

In other words she thought he was faking to a big degree. When Tom heard Oprah said this then he was furious she said about him and hence did not invite her to the wedding.

True or not true--one thing for sure is that he is clearly upset with her about something because to not be invited in their circles certainly stands out.

I heard another discussion about Tom and Katie's prenu..

They do have a prenu...apparently.. and if the marriage lasts 11 years, she gets half of Tom's assets.. They mentioned some other details..but I don't recall them..

I guess it's standard in Hollywood... But I think it's sad...

Just found a link... lots more details... including Katie's dad is actually a divorce attorney.. (or it is implied..maybe just a lawyer..)

Sounds like she is going to be guaranteed a minimum amount.... and then half of his wealth if they split after 11 years..

I am not familiar with this site..(has a pop up ad in the middle of it..but can make out the article..)

[http://www.handbag.com/relationships/couples/prenups\\_tomkat/](http://www.handbag.com/relationships/couples/prenups_tomkat/)

about.com info..re the wedding and details...

also somewhere buried in here (but i can't find it) is info about the prenu..came up as a hit...

<http://marriage.about.com/od/entertainmen1/p/tomcruise.htm>

I did find another detal... I think the 11 year landmark...is dictated by California property laws... That she would automatically be entitled to half.. I guess that would mean a prenu would no longer be valid..

Still sad..that they have to specify any details at all like that..

But it could be that it was at the urging of Katie's parents.. I know they haven't been to keen on Tom..for more than a few reasons..

That about info was quite informative.. Said Tom picked out Katie's wedding dress..also that Katie was regularly accompanied by a scientologist 'chaperone' but she wasn't pressured into converting to Scientology. (Probably Tom's watchdog!)

I just found an msnbc link..(which is probably more reliable) Says that if the marriage immediately broke down.. Tom would or might fight for custody of Suri... Katie at that point wouldn't be able to financially fight Tom....

I hope that is not true... That would be terrible if he did that!
