Welcome Mrs. Angel--I live over the border from you.

I pop in and out of here and may more often now as my husband worked on this computer and its acting much faster and this web site was the pits for me to get into as it was so slow.

Went to Barnes and Nobles and got a great book. The Gospel of Thomas. Then another book on the Dead Sea Scrolls and also the lost books of the Bible that were omitted for various reasons.

Now if I can only find the time to read them!

Either way look forward to hearing to hearing from you again in here.

Hi Ms. Angel from South Carolina. I'm here in North Carolina. I used to visit Myrtle Beach quite often, though, I haven't been lately.

It's great to see you on the board.
