Wow, I forgot how argumentative Christine was with Rana. I didn't think she was ready to graduate either.

Hi Tara

You are so right about Christine not being ready to graduate :ohmy:

Not only was she trying to prove she was right and put all the blame on Rona :mad:

She was out and out lying :x :mad:

I could not believe at the end when she gave her real reason for being pissed off at Rona! It had nothing to do with her thinking deep down she was ready but more about her going off with Charlie for four nights and five days :ohmy:

AND she was not going to tell anyone about her secret trip with him :ohmy: :x

I was almost feeling guilty about calling her a Floozy but not anymore!!!!

SHE is just plain easy :mad: At least floozies can say they are two bricks short of a foundation :laugh: But C is just plain LOOSE. In my opinion this is the lowest of the lowest.

Can you imagine her poor daughter after seeing this today :(

To know that she tried to use "missing her" and telling Rona "She has no idea how hard it is to phone her daughter and say, no I am not coming home today" Just so she could sneak away with a man she has seen twice :x

So much for always putting her daughters needs and heart before her own.

Hugs
