I just finished reading this and enjoyed it (for lack of a better term).. Gives an interesting overview of the issues and legal problems..

Thought we could use a fresh thread...

Rather interesting tidbit about wannabe daddy the prince! (Zsa Zsa's hubby) Was not born into royalty but adopted as an adult.

He wanted to adopt Anna..but Zsa Zsa wouldn't sign off on the papers! Wierd man... I'm not sure if he's wrapped too tight!

(the article is a 2 page item. I inadvertently linked it to the second page.. I think I fixed it...)
