This is a new program on lifetime channel. I'm enjoying the show... the characters are likeable and the story lines are interesting. They keep replaying the shows if you need to catch up.

I've watched a little of this show here and there. The parts I saw seemed really good and some funny. The new Army wife in the ladies room at the big party...pretty funny. Also, when one of the wives' went into labor. I still haven't figured all the storylines out, but, I think I might. If so, I come back and post on it.

I'd never heard of it before this thread came about but today's The View had Kim Delaney from the show on today.. For some reason I thought it was a reality show... But realize it's a new drama show..

They are saying that it already has Lifetime's highest ratings ever..

Looks like it's here to stay for awhile.. I'll have to see what night it airs and try to catch it!

I remember Kim Delaney from All My Children back in the early 80's! I gave up that soap in the early 80's as well... Was a nice diversion while nursing but those storylines especially regarding Erica Kane got totally ridiculous!

I've watched it a little. I kept trying to figure out where I knew that actress from. It took awhile for me to remember All My Children. She was a young girl then. Wasn't her name Jenny?

Yes and she died... tragically, but I don't remember how. Wasn't her husband's name in the show Greg?

I just looked her up on the imdb to see what else she had been in. I seem to recall her having been in another major role..

I think she was one of the detectives on NYPD Blue for a couple of years. I think she had a romantic relationship with Jimmy Smits character.

She had quite a list of credits.. But I think the All My Children and NYPD Blue were major highlights. I'm guessing this

will be another!

Here is a trip down memory lane... regarding Jenny and Greg and the All My Children run way back when...

[http://en.wikipedia.org/wiki/Greg\\_and\\_Jenny](http://en.wikipedia.org/wiki/Greg_and_Jenny)

I only have vague recollections.. I remember Liza (Marcy Walker) and I vaguely remember that Tad and Jenny were siblings.. I remember Jesse Hubbard and Angie..

That was almost 25 years ago! No wonder I don't remember much else!

I thought it neat finding a recap of the Jenny and Greg story.

I immediately remembered the ski accident, before I read the article! That's all though, the rest of the storyline I didn't remember until I saw the article. It takes me back. I loved that show and those characters back then. Funny, I don't watch soaps anymore.

I had also forgotten that she played on NYPD Blue. I loved that show too, especially when Jimmy Schmitz was on there. He is such a hottie IMO. I loved him on LA Law too.
