## New Format

I cannot put my finger on it, but I like the old format better. I wasn't sure how to add my comment to the existing topic so I think I made a new subject or added a comment to site guidelines. Something feels confusing.

There was something comforting about the old format

I miss the list off to the right that listed the latest posts. That way I didn't have to go through all the inactive threads to find where new posts were.

all you need to do is click on Show Latest Posts at the top of the forum. It actually takes less time and energy than scrolling all the way down the right hand side of the page.

Tara, I wanted to pm Ceilidh but I am realizing that I don't see any feature for that anymore. Is it an oversight?

Goodness, it has been forever since I have been to this site. I am on vacation and have time to surf the WWW.  
Hi Nadia, did you get married? Hi Tara.

I don't know if any of you remember 'Reader' or she sometimes went by the name of 'swimmer', anyway she passed away suddenly Jan 9th. I have kept contact with her since I met her at the Mother Board and at Kimmies chat room.

Hope to stop by again real soon.:side:
