It's almost time for the new Survivor and from the spoilers I've read it promises to be very good.

It's so exciting having Survivor and Big Brother on at the same time. I can't wait!!!

I think Survivor is going along pretty good.

I don't remember if I really liked Johnathon (fav) the season he was on, for some reason I am thinking I didn't, but I am liking him this season. I like Cirie. Of course I love my Ozzy and James. I hope they don't get too distracted from those awful women...;-) I cannot wait to see Eliza and Parvo gone.

That Joel is pretty cute and a firefighter to boot....lol HOT!

I really like Survivor this season. I didn't get into to the last one at all. I think the " Fans Vs Favorites" idea worked on me.
