---

Big Brother 10 is just about ready to go on air!!

They had the cast (taped of course) on The Moring Show today. Friday they are showing the house.....

If you want to see who is going to be on and what the house looks like you can go to [www.cbs.com](http://www.cbs.com)

There are 2 "older" people on there, and of course the other cast members.....some personallities that we have seen before!

The older gentleman has watched BB from the first show!! He is married and his wife is sick. Julie Chan made the statement "Can we just give him the money!" and chucked and of course said the show will go on!

Remember.....

**BIG BROTHER** is watching!!

Expect the unexpected!!

Anyother viewers?

=====
