We all have our favorite HG to "hate" !

Nyanza was mine! :blink:

I am behind in watching the reruns,though I have them all taped on TiVo.

I can't wait to see Kimberlyn get the boot! I missed it the first time around!

i hate to disappoint you hugs but audrey will be on tomorrow . The really scary thing is when she was in phoenix to do her on stage performance I almost went that day to the fair. I didn't and thank god. I can't believe that she is doing the intro. UGH. I really need to find a new show until she leaves.
