Thanks hd. Neat to see how he figured out the final three of the game. We watch this show, and hubby tapes it for me to watch later. I like Ian and Tom, and of course Stephanie. I have watched Survivor since the beginning.

DAG-NABBIT!

Always the Person I want to stay on a show, gets voted off or out or whatever!

Tonight it was STEPHANIE!

I cannot believe this game, always in the last half, that you see some Contestants that should be left on because they ARE deserving to stay on, instead they get VOTED OFF!

I think STEPH really deserved to WIN! Now watch somebody win that probably hasn't even learned how to catch a fish or doesn't hold their own during competitions! I hope none of the women left wins! Then again, I don't want any of the dudes to win either! WAH!

Even with Tom, he led Steph to believe that he was protecting her since Day 2 of the show -- he did not have to lie to her.

WHO DO YOU WANT TO WIN?

I don't cry much with TV, but I did get teary-eyed with the folks reading those letters from home. I think Tom is playing the game as straight as he can.

Re: SURVIVOR!

I was sad to see Steph go. She was my favorite. Real scrappy, smart, and she had heart for the game. Caryn got a break last night. I somehow always root for the underdog. The way things are shaping up, Caryn (not sure of the spelling, but I know it's not the conventional "Karen") might wind up in the final 3! She just doesn't seem to have any stamina for the physical challenges, so that could hurt her. Did you see the surprised expressions when Gregg got the boot? Wow, no one saw that coming. I bet they were wishing they'd voted Tom off last week instead of Steph! Tom and Ian read Katie like a book. My Thursday night is all TV: Survivor; Apprentice OR CSI; and ER.

Tom Westman, the Fireman from New York!

He is married and has three young children, 40 yrs. old.

He deserved to WIN! good Fireman in NY.

OK, I don't know if he should get the MILLION & CAR though. I think the Runner-Up should get the CAR, IMO.

Maybe he should GIVE it to Ian since he jumped down from the bouy!

OK, next September SURVIVOR will be in GUATEMALA!!!

Tom won survivor and won it right!!! We watched every episode of this season, and I have never seen a man work so hard to do the right thing. He didn't stab anybody in the back, or tell a bunch of lies, he did the whole scene with his

strength and ability to work with other people without making them all mad and hate him. I think he is the ULTIMATE survivor!! Way to go Tom!!!

Yaxha Tribe (blue buffs)

Stephenie, Rafe, Gary, Brian, Morgan, Amy, Brianna, Jaime, Lydia

Nakum Tribe (yellow buffs)

Bobby Jon, Brandon, Danni, Jim, Judd, Blake, Margaret, Brooke, Cindy

To put faces to names: <http://survivor11.blogspot.com/2005/08/cast-revealed.html>

Reward Challenge Competition: 11 mile race through thick jungle

Reward: the better camp & fire

The race was a marathon. They started in daylight and spent a night in the jungle before getting to the finish line the next day.

Jim took charge of Nakum and led the way. Gary led Yaxha. Rafe is happy to let Gary be leader. Along the way the men of Nakum had a rough time. Blake fell and got thorns in his shoulder. He then became dehydrated. Bobby Jon also became dehydrated. They both vomited and Margaret (a nurse) helps them the best she can. Judd: "Eleven miles through a jungle is insane. I'm a doorman in New York; I've never even been camping." Gary, the former NFL quarterback, said that he won't tell them about his pro football background (smart move). He'll lie if necessary, he's Gary Hawkins (not Hogeboom) and a landscaper.

Nakum was first to the canoes but just a little ahead of Yaxha. Nakum's lead held up and they won Reward. Yaxha then had more paddling to do to get to their camp. Stephenie said it was one of the most physically demanding challenges in Survivor ever. She likes her tribe, they have heart and determination. Rafe also likes their spirit.

Judd got a touch of dehydration too. Bobby Jon was really bad, his eyes were rolling back in his head. Later he said that Survivor Palau was "recess" compared with Guatemala. However they are all game for the Immunity Challenge.

Immunity Challenge

Competition: boat race - lake & land

To start each tribe had to paddle their boat out into the lake to pick up a torch and then return to the beach. Next they had to drag their boat a 100 yard (meters) or so on land. Five members pulled a rope attached to the front of the boat while the others kept logs (used as rollers) in front of the boat. They then had to light their torch to win Immunity.

This was a close race. each tribe had a member or two get caught under the logs. Nakum had a slight lead but then lost it and the challenge to Yaxha.

Yaxha win Immunity and fire.

Jim was injured in the Immunity Challenge. He said he "snapped" his left biceps muscle (it sounds like he pulled or tore it bad) pulling on the rope (he thought they were all going to pull, but he was the only one to yank it). In private Brooke says the women feel that a man should be voted off since none of the women have been dehydrated. Brandon doubts half of his tribe will make it, he's really concerned about Blake.

Nakum at Tribal Council

Jeff Probst: Tribal council is here at an ancient Mayan ruin. Fire is life on Survivor. It was very tough start this time.

Blake: Don't I know it.

Bobby Jon: I don't like getting beat so early.

Jeff P: Isn't it ironic that your strong men get sick?

Danni: In general I think women have better endurance than men. The men tried hard early.

Jeff P: Judd are any of the men worried?

Judd: Hey! I was only sick for about an hour I could do back flips now - wanna see!

Jeff P: Woa calm down, Judd.

Jim (arm in sling) tells how he hurt his arm during the Immunity Challenge.

Margaret: We're all worried about how we can get healthy and do our best.

Time to Vote: only five votes are shown and they're all for Jim. In his final words, Jim says that he doesn't blame them and he hopes that no one gets hurt.

Alliances

Too early to tell. However I could see Blake voted off next if Nakum go back to Tribal Council next week.

Heroes and Villains

Everyone seems nice enough. I bet Nakum were glad they had Margaret, a nurse, with them. However Brandon called Bobby Jon "dumb" in private, which I didn't think was a nice thing to do.

Won Reward: Nakum

(nice camp and fire)

Immunity: Yaxha

(and fire)

Voted Off: Jim

(with only 5 votes for him shown on air, no other votes shown)

Have you thought about writing recaps for Starting Over, I think Peachy had to give up her day and needed someone to fill in for awhile.

With the new season starting Monday, if you are interested, get in touch with hsmom or one of the admin. I'm sure they would appreciate your skills!!

I wasn's shocked that Judd allied with Stephanie and the others. He didn't seem to get along with his original tribe at all. Although, I thought he was too stubborn in the immunity challenge by not letting someone else step up to throw. He

doesn't need to be the hero all the time. Poor Stephanie.....does she ever not go to TC??

=====

Re: Survivor Guatemala

Posted by ZELDAxACE - 2005/10/07 03:04

I think Judd put the rope around his neck this week!

not only was he bullheaded and wouldnt let someone else have a turn at breaking the tile.. but he turned his back on his team mates and allied with Steph
I have to admit I hope Steph wins!

=====

Re: Survivor Guatemala

Posted by Nadia - 2005/10/07 19:30

Uh uh, no way...not me I don't want Stephanie to win anybody other than her. Have you not noticed that she's always going to TC? No matter what tribe she's on... I think Stephanie is a jinx just like it was mentioned in TC by Jeff LOL ...I don't like her so I don't want her to win.

I would like to see Gary or Bobby Jon to win, but I don't think Gary will win if he where in the final two, only because once they do find out that he once was a professional football player and lied about it, he won't have a chance.

Here is a really good recap for Survivor Guatemala Episode 4 found at <http://www.survivorscoop.com> for those of you that missed Thursday night.

Episode Title: To Betray or Not to Betray

Air Date: 10-6-2005

This is Day 9 of Survivor Guatemala, and the conditions are oppressive and unbearable. The temperatures are over 100 degrees, there's not a lot of food and both camp sites are overrun with bugs. At Yaxha Gary Hogeboom and Rafe Judkins are trapping minnows in a small bucket with the cornmeal crumbs. A crocodile is also looming in the water at the Yaxha campsite.

The reward challenge isn't a completion but a voting system for the first vote the tribe's each vote that is the hungriest. The majority votes go to Danni Boatwright and Jamie Newton, Jeff Probst gives both of them an apple. For the next vote it which tribe mates is the smelliest. Gary Hogeboom and Jamie Newton win and are given the opportunity to take a quick jungle shower. The next question involves picking the man and woman who could most use a picnic it's Gary Hogeboom and Amy O'Hara and Margaret Bobonich and Jamie Newton. Jeff Probst gives them a basket of food and sends them away. While on the picnic Gary Hogeboom is asked if he ever played football and he denies it. The next question is which tribe members have the most spirit. Brian Corridan and Cindy Hall win the remaining tribe members are shuffled. The Yaxha tribe now consists of Brian Corridan, Bobby Jon Drinkard, Danni Boatwright Brandon Bellinger, Amy O'Hara, Gary Hogeboom and Blake

The Nakum tribe now consists of Stephanie, Margaret Bobonich, Judd Sergeant, Jamie Newton, Cindy Hall, Rafe Judkins, Lydia Morales, and Brooke Struck.

Upon returning the tribe members find out the tribes have been shuffled. Danni Boatwright and Gary Hogeboom are now on the same tribe. She directly asks him if he played pro football he denies it. In the off camera interview Danni Boatwright says she knows it's him and he's playing a game, he says he will continue to lie. Meanwhile Stephanie and Jamie Newton are starting to bond and form an alliance with Judd Sergeant to take down his former teammates if the need arises.

For the immunity challenge both teams race out in canoes to grab three bags of paddles. They return to the beach and must completely break three tiles. Nakum makes a bold move and cuts off Yaxha slowing them down they are the first back to the beach. Stephanie from Nakum breaks the first tile. Danni Boatwright from Nakum breaks their first tile. Blake Towsley from Yaxha breaks the 2nd tile and Judd Sergeant from Nakum breaks the second tile. Brandon Bellinger breaks the third tile and Yaxha wins immunity. Back at Nakum camp alliances are tested and formed and Judd Sergeant is the swing vote.

After arriving at Tribal Council Jeff Probst reminded Stephanie has been to 8 tribal council's already and managed to escape 7 of them already. She says she is concerned that she might be bad luck. He asks Margaret Bobonich about the new tribal dynamic and she noticed Judd Sergeant talking with Jamie Newton and Stephanie. He notes that this is the third trip to Tribal Council for Lydia Morales and she is concerned she is very vulnerable. He asks Brooke Struck how she feels and she is also very concerned, citing that being physically strong is definitely an asset. He talks to Judd Sergeant about if his work experience has helped him learn to read people, he comments it has he knows right away who he gets

along with and who he can trust. When Jeff Probst reads the votes it is a 3 to 3 tie with Lydia Morales and Brooke Struck. The next two votes are for Brooke Struck making her the 4th person eliminated from Tribal Council.

:lol: It's great to see Survivor fans here at SOT! :woohoo:

The show's fansites, most anyway, can get pretty hostile. There is a site that has really friendly and mature fans, who have more to say than just, "she's fat...he's stupid". I wrote recaps for this site, in rhyme. A nod to the treemail poems. I love Survivor! Hope to talk with you Survivor fans this February, for "Exile Island".

No pmpnjc16, you haven't missed anything. The last episode that aired was the one where Dan was voted off. The following week, they had a "recap" show, it aired on Wednesday instead of Thursday. Then last Thursday, they aired the NCAA Championship. The only thing you may have missed was some previously un-aired footage they showed on the "recap" show.

The show has enforced a cruel "exile" of it's own upon us!

Thanks.....but I'm going to try to hold out and be surprised!! We'll see if I actually do hold out, huh!! ;)

Yeah I think it'd be awesome for Cirie to win!!!

And yeah Shane.....Courtney is the psycho after YOU tell her you're going to find her, kill her and then go to your "club"!!!! :sick: (What club do you think would ever admit him????? Methinks he's delusional!!)

OMG amberlyn I soooooooo hope it's not Shane!!! say it isn't so *begs* lol

He drives me crazy with his lunacy! Can you just imagine Courtney and Shane hooking up? LOL!!! that would be a reality show.. "A day in the life of..." I doubt I could stand to tune into it though lol

I am pulling for Cerie myself, she's cunning and I think they underestimate her bigtime.. she knows exactly what she's doing and is playing it well.

Hope Bruce is ok, that was awful.. I could feel his pain. I hope you recover quickly and that you are able to finish this it seems to mean a great deal to you.

I saw Bruce on the CBS early show today - he looked good and everything has turned out ok as far as he stated. I too, hope that Shane doesn't win - with an attitude like his - he could possibly be a "new Richard Hatch" - lol. Arrogance and a million bucks certainly aren't a winning combo.

I won't spoil anyone's viewing by saying yes or no to who makes it out here in the open... and the betting thing is just speculation... but, in reading it, it pointed out that in all the previous times that betting was suspended, the outcome was correct....

anyone who wants to hear who the supposed betting was on, just PM me and i'll tell.... i just don't want to tick anyone off by spoiling it for them.... :)

but i do agree about shane just being a nut.... lol... i think courtney is one of those wayyyyyyyyyyy out there kinda people, but after last night and shane's lovely little encouraging threat, he definately takes the nutcake.... altho, he was the major nutcake holder with all his little fits and temper tantrums.... I still wonder who told him it was a good idea to quit smoking 3 packs a day only when he made it on the island.... lol... i'm sure that made for more than a few drastic nicotine mood swings...

I'm rooting for Cirie too.... I like how she has managed to stay this long when she was on the way out early on... that she has sat back and let them all go at each other and take each other out one by one instead of her... smartttttttttttt play....

Re:SURVIVOR!

wohooooooooooooo Cirie.... making the power play and shifting the game.... hope it works for her.... Courtney wasn't a favorite (I thought she was annoying too, but nothing like annoying Shane..lol)

hopefully next week Shane bites the dust...

and GREAT to see Bruce back on the jury.... looking good.... :)

Was anybody else rofl when Shane was talking about his "blackberry"? Insanity isn't really funny I guess, but my gosh I was cracking up. And I thought he would FLIP OUT when he realized his plan for Danielle to go didn't work...I was surprised by his reaction...mostly just dumbfounded.:huh:

Hi, Mazzy here.

My husband and I love Survivor.

We're rooting for Terry first, Cirie second.

Shane wins it for the one everyone loves to hate.

I have noticed that the physically strong are foolish enough to discount the physically weak, and I believe that's their

downfall. Cirie is definitely playing the game. She is not threatening to anyone, and seems to be quietly controlling the game. She appears to be having fun -- even in those conditions. Terry is so out numbered that it would be a miracle if he won.

I was strongly disliking Shane there for a while, now I just rofl about him. He sure is out there.

I was glad to see Courtney go, Cirie is one smart cookie, and they have definitely underestimated her.

lol Shane was sooo shocked, he just knew he'd be in final two.

Terry.. gah guys I think he's arrogant, I guess it's just me, and his wife.. well, they're a perfect couple lol she's a shark that one (pirhanna?) good thing ya got that car Terry! :whistle:

I'm hoping Cirie gets it, if she's in final two she should with who's on the board so far.. depends on how she plays and I see a struggle (I think) between her and Terry coming up and Terry could be one that can persuade some other jury members.. BUT no one really has anything against her so far, cuz they really don't know how well she's playing them all.. at least I don't think they do lol

I will say this for Terry though.. very tough competitor (even though I think his wife would be one who could give him a run for his money) :laugh:

I am very glad to see Shane GO!!! Man, he got on my nerves sooooo bad. I was pulling for Terry...but lately he is getting on my nerves too. I really like Cirie. I hope she wins. She has played the game like a pro. (especially since she is not an out-doorsy type) She is just so funny. I think she has put more thought into every move she has made, more

so then any of the others. I think she deserves to take the million. I can't wait to see how it plays out.

Re: SURVIVOR!

I'm glad Shane is gone too... altho, I expected some big scene from him too... maybe he's more mature than we expected?....lol.... it was interesting to see how his son did seem more of the 'adult' of the two of them....

still rooting for Cirie here too.... I don't like Terry's attitude with all the winning... he does seem to act like he's just got it won already and it's just a matter of time before everyone around it realizes that he wins (in his mind)...

i think everyone but Aras is underestimating Cirie....

and ooooooooh boy did everyone see the dirty looks Courtney kept shooting at everyone.... i think she's taken it all way too personal and forgotten what the game is basically about... picking off people one at a time to the end.... there's always at least one bad sport on each season... she wins the award for this season hands down....

I still remember the shock of the old "snake and rat" speech... no question -- she was an original.

The final tribal council questions are great -- they are so real because they are charged with so much emotion.

I can see Courtney and Shane giving Terry their vote if he's in the final two.

And it absolutely cracks me up every single one of them does the exact same thing.....only when they get kicked to the curb (or sequestered anyway) they can act all righteous and like their "integrity" is in tact!!!!

DUHHHHHHHHHHHH!!!! But it would be totally okay if they did it and they WON!!!!

Yeah, real mature there Terry, turning the challenge into a physical display!!! Terry's bad!!

Then Aras with his degrading and false comment about Terry saying bad things about women???? Aras' bad!!

Don't like entitled, smarmy Danielle who can lie and switch loyalties on her own timetable but badmouth Aras!!!

Soooooooooooooooooooooooooooo.....yes Cirie HAS played smart by being quiet and not a physical threat!!!

And I LOVE her growth thru this show and her very honest comment about underestimating herself and sitting on the couch for her entire life! (Although she is a nurse and that's NOT easy!!!!)

I've seen more growth in Cirie than many of the Starting Over Contestants.....ooooops, I mean houseguests. :blush:

Re: SURVIVOR!

Yep.....

And Antonia can "redecorate" the guest room (Exile Island!)

Christie can plan a 5K swim for a reward challenge

Jodi can be mentor (after all, Jeff's been doing this show a loooooong time!!)

Niambi can send SM messages in a bottle

Sommer can dance a native island traditional dance for immunity

Of course Iyanla and Rhonda would be running the "confession" cams and catching all the action (you know, about "integrity", alliances, lies, etc)

Andy could be the make-up artiste for the immunity idol

The trophy? Why the hidden immunity idol!!

The prize? No, not a million bucks.....but a 3-day stay AT Exile Island with your significant other!!!!!!!!!!!! Woooooot!!!!

P.S. Ya know.....maybe I just need to go to BED at 1 a.m. instead of posting my delusions!!!!!! Naaaaaaah, that wouldn't be any fun!!!!!!

instead of each woman have individual 'assignments', they can all be 'challenges' now... that way each woman has to 'get it' as a group (if that makes sense...lol).... the jury is made up of the last 7 graduates (can you imagine those final tribal councils?...lol).... hide clues to the hidden immunity gaudy necklace in each woman's steps so they all have to know what the other is trying to achieve and find the clues....

I think Rhonda would make the better host... i can just hear her saying 'the tribe has spoken' in her velvet jackets and boots.... lol

lol I'm trying to get better. Getting there...slowly but surely. Haven't watched this much tv since..well..for a very very VERY long time! :blink: :laugh:

Has anyone noticed this...or is it just me...

That e v e r y single show this season for finales are two night long? I'm not talking maybe one or two..it's E V E R Y show! It's annoying this year really.

Now....if the Hippies or Ray & Yolanda (okay..I guess it'll be okay if the Fart Boys..oops...the Frat boys too) win...it'll be a good season on Amazing Race. Actually was VERY happy to see MoJo go this past week!

Cirie (man...can't spell her name for nothing lately..lol) wins...I'd be happy...and Aras. Either one of them.

Not too happy about NCIS...definitely kind of an icky episode last week....but I can't WAIT to see the finale this week.

CSI...man...Brass can't die! lol (Though I'll be more than willing to console any of the men on that show! Even Grissom..who I think is just about the most handsome man...not cute like the others..just handsome! ;) lol)

Okay..enough of my ramblings...lol Back to the task at hand. :pinch: :laugh: :laugh:
