
Lori - Different Strokes For...

Diferent Folks! I cannot see anything 'cute' about watching Lori---she is so irritating for me to watch. And, however could a Dude be interested in her??? her her smoking-self acting like an old-fashioned TV star or a wannabe! She's, yuk, not even worth my time to say... :ohmy:

Aw! Halfdollar! Now that I know who is behind the post! I love Lori! Come on, she has a unique (to say the least !) way of looking at and saying things. That's always refreshing. Open mind now! :)

I love lori. I think she has made her life harder than what she needed to but she is learning that it is ok to have feelings and to express them.

The four (what did you call us?) are here to voice on Lori. I too love Lori, she is different, intellegent, pretty, and has a good heart. I like her new look from the first days, my husband says she never should have changed, guys like shy girls with long hair. ;)

The Four Banditos have now ALL placed their opinions in the Lori Column...now I'll say it again, as I did in the First Place...DIFFERENT STROKES...

FOR DIFFERENT FOLKS! :laugh:

I could never get past her "quirky" ways to even listen to how she feels, let alone how she thinks! YUK! too ODD for me!
