Niambi meets with a relationship-pattern expert.

Uh-oh, deja vu all over again. I will be prepared this time for any questions about what viewers thought of this expert ... ;) I will also be waiting to hear someone on the show explain the highly specialized sub-genre in which someone becomes a "relationship PATTERN expert." :huh:

Maybe they do that the same way you...you know, keeping hitting yourself over the head with a hammer because it feels so good when it stops until you have a no-duh moment about the whole thing and stop acting like a complete idiot. At that very moment, the heavens open, Darwin smiles down upon you (actually, it's God and Darwin's poker night, so he just happens to be in the house), and you get an agent to promote your new career as Brain Damage Pattern Expert to the Stars. And there ya go. You've evolved.

What was the question again? :blink:

The question? :blink -- don't remember, but I think I have a solution. LOL

Another question -- How about Niambi meeting with the ladies of Starting Over Talk -- we'll give her what for! LOL
