
No more \'Cocktails with Jill\' chats

Happened to get an email the other day mentioning the last minute cancellation of that days chat because Jill lost her voice. Now her website is saying that there won't be anymore chats at all.

Not too surprised..considering SO is really over now... and the fanbase is dispersing to some degree. Hopefully she is doing well with her new job..

Quite honestly when I heard about this whole thing of paying \$5 to chat with Jill....I was stunned! My question is Why would anyone want to do this? Who is Jill and what does she have to offer? Perhaps during SO people thought that they might get inside info....I don't know.

Don't get me wrong, I wish Jill happiness and success as I do to anyone...but Jill needs to work hard and develop her career based on her skills and hard work.

I guess Jill is trying to cash in on her five minutes of fame. LOL I personally find it tacky... I think she may be doing herself a disservice.

Cocktails with Jill was mildly entertaining... I would have liked to see her expand it to hold on to whatever fan base she had.

I'm hoping to see good things for Jill in the future.
