
Name of new program?

I wasn't sure where to post this, but, here it goes. Has anyone heard about this new drama/comedy, that is about a female life coach, who has alot of romance problems and moves to this town, I think near Canada, Alaska, or somewhere cold, to learn lessons about the heart from her male pursuers?

I saw the woman who stars on the show today on one of the morning shows, I can't remember which one. I also missed the name of the show or which network it is on, but, I definitely heard them say she was a life coach. She's blonde like Rhonda.

I tried to goolge it but had no luck. Keep your ears open, this might be kinda interesting.

I saw a commercial for it too or maybe read about it... But it's been week or 2. It caught my eye only because it sounded really good.. I thought initially the character got jilted and just got away to Alaska and wound up staying there because it was so different than the hustle and bustle of what she was used to. I think it is how the season is set up as to how she winds up there. I don't recall the Life Coach aspect of it... but from the description it sounds like she could be one.

I just did a quick search... and it is called 'Men in Trees' and it debuts tomorrow on ABC.

Here is a link to the site's web page with a brief description of the plot.

here is another yahoo link.. one description about a scene sounded funny.. "Marin isn't excited about going on the Oprah show".

Sounds really good.... and yes, some familiar coincidences regarding her occupation and dilemma!

Sounds like a good show to carry on about here. That, and the Brothers and Sisters. Also ABC on Sunday nights. (Starts this coming Sunday)

Thanks for the info. You are correct. I will check the show out. There are so many shows this season. I'm going to have to pick just a few that I can keep up with.

I know this is off topic... but yes there are almost too many new shows this season. Some even sound like each other! Too many new talk shows... too many new dramas...

I think the 2 mentioned here sound like my cup of tea..

I cannot ever remember so many new shows debuting in the same season.

I agree. It will take awhile before the really good stuff begins to rise to the surface, and the not so good stuff, fades away.

I'm confused about the nights and what times. All of that television and no SO. It's a real disgrace.

Well I just finished watching Men in Trees.. and I really liked it! The ending the main character sort of sums up the truths of the episode and ties the different aspects of the show together.

It had a nice blend of storyline with humor weaving throughout.

I started to watch it and had company, so I really don't know what happened. I'll try to catch it next time.
