
New game show

1 Versus 100... From the producers of 'Deal or No Deal'.

A new trivia challenge game will be hosted by Bob Saget.

Apparently according to the linked article the game originated in the Netherlands.. To me, it sounds like a cross between Who wants to be a Millionaire and Deal or no Deal.. Or maybe a huge version of Hollywood squares.. Not sure how they are going to work it... but wonder with it coming on NBC where they already host another popular game show that it might be overkill!

Is this a bit much? I was surprised to see ads for it in the last day or 2... I'm also surprised they continue to roll out new programming..

Maybe it's a new trend.. It's beginning to be hard to follow all the reality shows, dramas, game shows.. They all start sounding like each other!
