I started working and have not been able to watch it. I have been looking for it in the paper but could not find it. I thought they just were not showing it in my area. MAJOR BUMMER!!!!!! I loved that show!

i'm so disappointed! i loved starting over it was one of the more positive reality shows on tv. i was hoping it would be picked up by a smaller network. i can't believe they would dump starting over for some bad talk show like rachel ray (who talks nonstop at the top of her lungs) or megan mullaly (who is dry dry dry) or another judge show. i really enjoy watching "real" people.

Ditto... I'm missing SO, but I am happy to say I still enjoy SOT.

Anaya... welcome to SOT boards.
