does anyone watch flavor of love? i can't believe flav asked new york back on the show, probably slept with her and dumped her again!! what a jerk! i know her mom came off as crazy but she was right about flav. he does not know how to treat a woman respectfully. i wish they would give new york a show of her own where she could get her choice of nice guys to date. she is very dramatic but she is so funny and entertaining and outrageous.

I love that show. It is really a trip and I constantly ask myself why I like watching it, because there is so much DRAMA. I mean it is so outrageous, but I still like it.

I agree with you about Flav. He is really out of his league with these women. He really thinks some of these young, beautiful, intelligent women are going to fall in love with him. I don't buy it. He cannot commit to a woman based on all the children he has with no connection to the mothers. Who wants to kiss a man who just had his lips on another woman only moments ago? UUHHHG GGG.

We all know that New York was brought back for ratings. She is funny and crazy. NO, not the contestant Crazy, just regular crazy.

I think New York and her mother would make a great reality show. Of course it might make me mad enough to bite bullets, but, it would be really funny.

Don't forget, the REunion show is coming on soon with the latest women. New York is running on the stage like an animal. It should be out of this world!!!! And to just think, it's all about Flavor Flav.
LOL.
