
OLD SO Site Parodies lost??

Posted by Anne18 - 2006/11/19 19:52

Hello :)

I used to be a member of the old official SO site. There used to be a section there for posting parodies of the SO girls/HG. The site is now gone and if you search the wayback machine to go back to the old site, the parodies are missing and you can't view any posts! :(Does anyone know where I can get a copy of the parodies?? For example, there was one where the SO girls are the Facts of Life Girls. lol Any help will be appreciated!

Thank you!
Anne

The parodies probably went the way of the message boards when the mods were fired in July or August, 2005. The MB was shut down, with the "promise" that it would be back when Season 3 began. And all the posts were removed. But, the MB was never brought back. Now, even the old SO site is gone.
