Are you able to record any of these shows to tape or dvd? I would love to have season 1 shows. I could reimburse you for your trouble.:woohoo:

Hellinoz, can you find out from your station why they took SO off the air in you area? And if it is just in your area or the entire country? I'm curious as of the timing, since we in the U.S. are trying to keep SO going for at least another season.

Even if this season is the last one to be produced, you would think the old shows would live on in syndication. Oh well, let me know if you find out anything.

If and when the show does close out, I'm going to try to convince somebody with the power to put all the shows on DVD.

## Erica is Starting Over

Erica was hit by a bus after her stint in the Starting Over house.

She was in a coma for about a month and lost a foot to gang green. After a year of rehabilitation she is learning to talk and can get around with the help of a motorized chair. Erica dosen't remember her time on Starting Over.

How do you know this information? I am wondering why we haven't heard it before this. Thanks for passing it on. I guess I am just a little skeptical. Could you move this to rumors so we could possibly get more info about it?

She moved it to rumors and also some "news" about PJ. I think she is giving us bogus info to start some conflama.

Ha,ha.... Yeh..I'd highly doubt anything that comes from deborahfan... She's put out several bogus rumors.. Including that PJ had died.
