
Jessica / Season 3 My space update

Posted by KPW1956 - 2007/10/04 02:15

Happened to be looking at the wikipedia info online for the show. Saw they had links to some of the myspace accts. I think some of the hg's aren't listed on the hg lists..

In any case.. I went to Jessica's myspace fully expecting it to still be set as private. But it wasn't and it even had a fairly recent update.

It sounds as if she's doing really really well. I am very glad for her! Sounds like she is doing some life coaching herself now..

Anyway, enjoy... It's always nice to hear about the hg's. Maybe she'll start a trend.. and the other's will follow suit!

(If it doesn't work go to the wikipedia site for Starting Over. Once at Jessica's myspace page you can click on her latest blog entry.. It's hard to read but it's there.)

She has 2 myspace accounts, one for SO fans and another for her friends. Her account for friends is set to private.
